

COMPANY ANNOUNCEMENT

4 August 2020

Temporary closure of metropolitan Melbourne stores

JB Hi-Fi Limited (“Group”) today provides an update on the impact of COVID-19 on its JB HI-FI and The Good Guys Melbourne metropolitan stores.

Following the Victorian Government’s announcement of stage 4 restrictions, 46 JB HI-FI stores and 21 The Good Guys stores located within metropolitan Melbourne will be temporarily closed to customers from 11:59pm Wednesday 5th August for a minimum period of 6 weeks.

Based on current Victorian Government directions, our online and commercial operations will continue to trade and be available to meet the needs of our customers with fulfillment by home delivery and contactless click and collect. The Group’s warehouses and metropolitan Melbourne store network will be operational, with strict safety measures in place, to fulfill online and commercial orders.

The Group is working to support Victorian team members and customers through this difficult time. The health and wellbeing of our team members, customers, business partners and the wider community remains the Group’s highest priority.

Further updates on the impact of these restrictions on the Group’s operations will be provided as appropriate.
