3. TRADING UPDATE

Trading Performance

- Strong result – the company has traded well through what was a challenging and very competitive period for many retailers.
- Consolidated comparable store sales growth for HY10 was 9.9%.
- Consolidated comparable store sales in December were solid at 6.5% despite stimulus package in the previous year.
- The result reinforces the strength and resilience of our unique retail model – augurs well for better times moving forward.
- JB's huge range and every day low price offering in a unique retail environment continues to resonate with customers.
- Home entertainment becoming more of a staple category as consumers keep up with technology.
- Continue to grow our market share as recently opened stores mature, we open new stores, expand our product offering and reduce our prices on the back of increased economies of scale and a continued focus on costs.

3. TRADING UPDATE....

Financial Metrics

- Gross margin at 21.1% (pcp: 21.4%) was pleasing given the tough competitive environment, the growth of lower margin product categories of games and computers and our investment in everyday low prices.
- Cost of doing business was down 39 bps to 13.2% (pcp: 13.6%), driven by our low cost culture, operating leverage, labour productivity and marketing economies of scale.
- Our lower cost of doing business (CODB) has allowed us to manage the impact of product mix on our gross margins, support our every day low pricing philosophy and improve our earnings margin.
- CODB reductions have been achieved whilst we have pursued an aggressive store rollout program, opening 52 new stores in the last 3 years.

EBIT Margin

3. TRADING UPDATE....

New Stores

- Opened 15 new JB Hi-Fi stores in Australia during HY10.
- Planning to open circa 7 stores across Australia and New Zealand in 2HY10 (total 22 stores for FY10).

Australia

- Sales grew 23.7% to \$1.5b with comparable store sales up 10.2%.
- Gross margin remained stable at 21.4% (down 19 bps) - pleasing given the growth of lower margin categories and a competitive market place.
- Cost of doing business down 51 bps to 12.9%.

New Zealand

- Sales grew 17.8% to NZ\$95.2m with comparable store sales of 5.8%, impacted by the performance of the H&S stores (JB stores comparable store growth of 12.1%).
- Gross margin was 14.9% (down 196 bps).
- Cost of doing business up 214 bps to 19.7%.
- We have elected to close our 4 remaining H&S stores during this quarter (3 now closed). Refer Appendix II(d) for further discussion.
- We anticipate opening at least 3-4 JB stores in NZ during the 2010 calendar year.
- With the maturation of the 9 recently opened stores and 3-4 new stores, we would anticipate moving to profitability in NZ during FY11.

3. TRADING UPDATE....

Trading Outlook

- We expect FY10 to be another good year of sales and earnings growth.
- January 2010 trading has been solid with comparable sales for the period up 7.2%.
- Gross Margin is currently meeting budget.
- Confident of continued solid growth in most categories and market share gains in all.
- New technology like the Apple iPad should continue to drive sales, as will the FIFA World Cup (visual).
- As the economy continues to gain traction and consumer confidence builds we expect consumer spend to increase into the calendar year.
- Expect sales in FY10 of circa \$2.8b (a 20% increase over pcp) and NPAT to be in the range of \$117m to \$120m (a 24% to 27% increase over pcp).
- Target of 210 JB branded stores (160 Tier 1* and 50 Tier 2* format) in Australia and New Zealand – giving us 5 to 6 years of continued strong growth (current number of JB stores 122).

Industry

- Continues to consolidate – big getting bigger/stronger (JB Hi-Fi, HVN, Good Guys), number of other players struggling.
- Large retailers are coming out of downturn in an even stronger position.
- All categories remain very competitive.
- Visual, Computers/IT and Telco all have good growth forecasts.

* Refer to explanation in Appendix II.

Interest Cover	18.7x	34.4x
Return on Equity	28.3%	26.8%
Return on Invested Capital	47.6%	49.3%

- Working capital is an ongoing focus of management and is in-line with current expectations.
- Inventory Management:
 - Inventory management remains a constant focus, inventory relating to new stores was \$44.1m;
 - Inventory turnover has improved to 7.0 times (pcp: 6.9 times); and
 - Like for like inventory turnover was 7.3 times (pcp: 7.2 times).
- Receivables relate predominately to supplier rebates.
- Creditors days were consistent with the prior period.
- Fixed charges ratio at 4.1 times, coupled with high interest cover is a good indication of JB's balance sheet strength and our low financial and operational leverage.

5. DIVIDENDS

- The half year dividend has been increased 120% to 33.0 cents per share fully franked.
- Target payout ratio has increased to 60% reflecting the Company's continuing strong cashflows from existing stores and overall company growth.
- The Board is confident that a target payout ratio of 60% can be supported while continuing to invest in new stores and other growth opportunities.
- The board is targeting a 50/50 split (+ / - 5%) of the interim and final dividends as a proportion of the full year dividend going forward.
- Based on Friday's* closing share price, this equates to a dividend yield of 3%, which pleasing for a company with JB's strong growth prospects.

Cost of Doing Business (CODB)	171.6	205.2
Sales	1,261.6	1,553.8
CODB (% of sales)	13.6%	13.2%

c) Store types

JB Hi-Fi is currently targeting 210 stores in Australia and New Zealand. This target is split between Tier 1 (160 stores) and Tier 2 (50 stores). While each store is different, broadly the stores can be defined as follows:

- Tier 1:** approximately 1,100 to 1,300 sqm of which circa 80% is retail space. The investment in a new Tier 1 store is approximately \$2.3m (\$1.3m in capital expenditure and \$1.0m in working capital); and
- Tier 2:** these stores are likely to be approximately 70% of a Tier 1 store in size and/or turnover. The investment in a new Tier 2 store is approximately \$1.6m (\$0.9m in capital expenditure and \$0.7m in working capital).

d) Closure of H&S Chain – financial implications

- We have elected to close our 4 remaining H&S stores during this quarter (3 now closed). YTD these store have contributed NZ\$11.7m in sales, representing less than 20% of our NZ turnover;
- The cost of exiting the H&S business is circa AU\$2.5m, mainly relating to asset write-offs.
- The P&L impact of these costs has been offset by the release of provisions raised in the FY09 consolidated financial results. As a result, there will be no impact on FY10 consolidated earnings.
- We anticipate the H&S stores operating loss in FY10 will be circa AU\$1m, with the majority attributable to the 1st half.

COMPANY ANNOUNCEMENT

8 February 2010

Terry Smart to succeed Richard Uechtritz as CEO

JB Hi-Fi CEO Richard Uechtritz, announces today his intention to retire as chief executive in July/August 2010 following 10 years of service with the company. Chairman Patrick Elliott announces the appointment of current COO Terry Smart to succeed Mr Uechtritz upon his retirement.

Mr Uechtritz and Mr Smart both joined JB Hi-Fi in July 2000 to lead a consortium of private equity investors in a management buy in.

“Richard has made an enormous contribution to the success of the Company since leading the management buy in back in July 2000. During his tenure as CEO revenue has grown from \$145 million to a forecast \$2.8 billion in the current financial year, and JB Hi-Fi has been established as one of Australia’s most recognised retail brands” said Company Chairman Patrick Elliott. “Investors who have held JB shares since the IPO in October 2003 to today will have received an annual rate of return of 48.0% compared to the ASX 200 returning 5.1% per annum over the same period. Richard is deservedly considered one of this country’s most effective chief executives.”

Mr Smart has been Chief Operating Officer and an Executive Director of JB Hi-Fi for nearly 10 years. During this time he has been responsible for store retail operations, inventory management and systems development. “Terry is a very talented retail executive and we are fortunate to have him follow Richard in the role. It has been the Board’s succession plan for some time for Terry to follow Richard as CEO and we are delighted that he will be taking up the role. His knowledge of the business is second to none and the Board is confident in Terry’s ability to continue executing the Company’s growth strategy” added Mr Elliott.

“The Company has been very successful in attracting and retaining good people, providing outstanding depth to the management team, which will ensure a smooth transition” said Mr Elliott.

COMPANY ANNOUNCEMENT

8 February 2010

Terry Smart to succeed Richard Uechtritz as CEO

“Terry and I have worked together for 16 years and I have no doubt that he will make an outstanding CEO. He has made a huge contribution to the company’s success and we are on the same page as to what has made and makes JB a great company” said Richard Uechtritz. “On a personal note it is time for me. Ten years is a good innings as a CEO. The company is in great shape - with a strong balance sheet and good growth prospects. I will be leaving to pursue my personal and philanthropic interests that being a full time executive does not allow.”

Following Mr Uechtritz’s retirement and a six month period of absence, he will rejoin the Board as a Non Executive Director in early 2011. The Company will enter into a consulting agreement with Mr Uechtritz on his retirement, for a term of three years to facilitate his ongoing support of the business.

“The Company is in a very strong and competitive position with many years of solid growth ahead of it. We operate in an industry where strong sales growth has been and will continue to be driven by constant technological advancements. This underlying industry growth, combined with our recently opened stores maturing, the continued roll out of new stores and further refinement of our execution, will see us continue to be successful ” said Mr Smart. “I am very much looking forward to the challenge of leading the team and continuing to build on the strong platform developed during Richard’s tenure as CEO.”

Mr Smart has a significant investment in JB Hi-Fi owning 1.5 million shares worth approximately \$30 million, together with 396,045 options under the companies Long Term Incentive Program.
