## Independent Auditor's Review Report to the members of JB Hi-Fi Limited

### Report on the Half-Year Financial Report

#### *Conclusion*

We have reviewed the half-year financial report of JB Hi-Fi Limited (the "Company") and its subsidiaries (the "Group"), which comprises the condensed consolidated balance sheet as at 31 December 2021, and the condensed consolidated statement of profit or loss, the condensed consolidated statement of profit or loss and other comprehensive income, the condensed consolidated statement of cash flows and the condensed consolidated statement of changes in equity for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group is not in accordance with the *Corporations Act 2001*, including:

- Giving a true and fair view of the Group's financial position as at 31 December 2021 and of its performance for the half-year ended on that date; and
- Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

#### *Basis for Conclusion*

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Half-year Financial Report* section of our report.

We are independent of the Group in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (*including Independence Standards*) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

#### *Directors' Responsibilities for the Half-year Financial Report*

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

## *Auditor's Responsibilities for the Review of the Half-year Financial Report*

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2021 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *the Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

## 1 Summary of significant accounting policies

This general purpose financial report for the half-year ended 31 December 2021 has been prepared in accordance with Accounting Standard AASB 134 *Interim Financial Reporting* and the Corporations Act 2001. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*.

This half-year financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2021 and any public announcements made by JB Hi-Fi Limited during the half-year reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

### (a) Basis of preparation of half-year financial report

The condensed consolidated financial statements have been prepared on the basis of historical costs. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the company's 2021 annual financial report for the financial year ended 30 June 2021, except for the impact of the adoption of the new and revised accounting policies discussed below. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

Comparative figures are shown for 31 December 2020 in addition to 30 June 2021 in the balance sheet due to the seasonality of the business and the impact this has on working capital.

### (b) Reclassification of non-trade receivables

The Group is party to a number of arrangements with its suppliers, in the form of contracts and other written agreements, which set out key trading terms, including the Group's entitlements to rebates, discounts and promotional support.

Under accounting standards, amounts due from suppliers are required to be recognised within receivables, except in cases where an entity has a legally enforceable right of set-off and the intention to settle on a net basis, in which case the entity should recognise the net outstanding balance within trade payables.

Historically the Group has recognised their entitlement to rebates receivable from suppliers as non-trade receivables until a credit note is received from the supplier. However, where the Group has a binding entitlement to these amounts and the Group has an intention and established practice of net settlement with suppliers, the Group has concluded that presentation of amounts owed to suppliers on a net basis more appropriately reflects the fair value of the transaction price with the supplier and the amounts and timing of expected future cash flows, as well as the risks to which those cash flows are exposed.

As at 31 December 2021, the Group has presented amounts due from suppliers on this basis and reclassified its comparative information for 30 June 2021 and 31 December 2020 to align with this approach, resulting in the reclassification of amounts previously presented as non-trade receivables against trade payables. Amounts that are settled on a gross basis with suppliers or where the Group does not have a binding entitlement continue to be recognised as non-trade receivables. The non-trade receivables reclassified against trade payables are set out below.

	31 December 2021 \$m	30 June 2021 \$m	31 December 2020 \$m
Trade payables (historically reported)	1,386.4	716.1	1,226.0
Non-trade receivables reclassified	(239.5)	(126.7)	(211.6)
Trade payables (net basis)	<u>1,146.9</u>	<u>589.4</u>	<u>1,014.4</u>

This change in balance sheet classification has had no impact on profit in the current or prior periods.

## 1 Summary of significant accounting policies (continued)

### (c) New accounting standards and interpretations

The Group adopted all relevant new and amended accounting standards and interpretations issued by the Australian Accounting Standards Board that are effective for annual reporting periods beginning on or after 1 July 2021. None of the new standards or amendments to standards that are mandatory for the first time materially affected any of the amounts recognised in the current period or any prior period.

### (d) Rounding off of amounts

The Company is a company of the kind referred to in ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191, dated 24 March 2016, and in accordance with that Corporations Instrument, amounts in the Directors' report and the half-year financial report are rounded off to the nearest hundred thousand dollars, unless otherwise indicated.

## 2 Segment information

### (a) Description of segments

Management has determined the operating segments based on the reports reviewed by the Group Chief Executive Officer that are used to make strategic and operating decisions.

The Group Chief Executive Officer considers the business primarily from a brand and geographic perspective. On this basis management has identified three reportable segments, JB Hi-Fi Australia ("JB Aust"), JB Hi-Fi New Zealand ("JB NZ") and The Good Guys ("TGG"). The Group Chief Executive Officer monitors the performance of these three segments separately. The Group does not operate under any other brand or in any other geographic segment.

EBIT excludes the effects of interest revenue, finance costs (including interest on leases) and income tax. EBITDA further excludes depreciation, amortisation and impairment charges.

### (c) Covid-19

The Group's operations continued to be affected by the Covid-19 pandemic and resulting government actions during the half-year end 31 December 2021. The Group continued to prioritise the health, safety and wellbeing of team members and customers throughout the half-year.

Some stores were closed at various times throughout the half-year in accordance with government restrictions but continued to fulfil online and click-and-collect orders where possible. In addition, the Group voluntarily closed its airport stores and some CBD stores for certain periods in response to a shift in foot traffic away from these areas.

Despite these challenges, the Group still delivered strong sales and earnings for the half-year in both the JB Hi-Fi and The Good Guys businesses, demonstrating the Group's resilience despite the ongoing disruption.

The Group did not receive any Australian Government Covid-19 subsidies. The Group received NZ\$0.5 million in subsidies from the New Zealand Government.
